This July issue of *Milestones in Medical Education* I typically consider the "Celebration Issue". June-July are bitter sweet times of celebrations, goodbyes, and welcomes. They are times where we give gratitude and awards to teachers, hospital staff, trainees, families, and our patients. In this July issue, we feature major Milestones for the Department of Medical Education. Milestones in trainees' personal and professional lives, milestones in new interns and fellows' next chapters in their educational journeys, and milestones in the Department making its mark on spreading NCH ambassadors into the workforce to advance the field of Pediatrics. In this issue, we celebrate many Milestones:

- ◆ The Department of Medical Education Annual Scholarship Day celebrated intellectual advancements through the scholarship of dissemination.
 - ◆ Our trainees and faculty continue to showcase their scholarly work in print and on the national stages.
 - ◆ The Class of 2018 Graduation & Commencement Exercises brought graduates, faculty, staff, friends and families together to celebrate successes.
 - ◆ As the Department of Medical Education and NCH sadly said goodbye to a group of residents and fellows, we welcomed a new energetic group of trainees to the NCH Family.
- As** we begin a new academic year, we give gratitude to educators, faculty, patients, and their families. We look forward to continued excellence in academic achievements and we continue to strive for improvements because "Better is Always Possible"!!!

NCH Trainees Compliments and e-Recognitions

John Kotula, MD (PICU Fellow)

Dr. John Kotula received an NCHS-Way e-Recognition from Andrew Street RNI, PICU for his Excellent Performance. Mr. Street commented: ***“Dr. Kotula lead the way in a very difficult resuscitation effort last night, June 21st. Not only did he remain calm, but he maintained control of his room and the staff working with him. John diligently and persistently exhausted all options to achieve ROSC and consulted all appropriate medical services to collaborate in caring for this child. It’s a privilege to work with***

doctors like Dr. Kotula. Strong work John! ”. Congratulations John!!!

Elizabeth MacIntyre, MD (PGY3)

Dr. Elizabeth MacIntyre (Class 2018) received letters of recognition from Jorge Brao RN Case Manager for her excellent performance. Mr. Brao commented: ***“I truly waited too long to send a recognition for this wonderful woman and excellent physician. Elizabeth is extremely caring and always has a smile on her face, so pleasant to work with and always available to answer questions regarding her patients. I know Elizabeth will be a success wherever***

she goes, but I must admit I will miss her. I’m sure all who have worked with her during her time at NCH will agree with my recognition of this great doctor. please give her a gift and many blessings as today is her last day.” Congratulations Liz!!!

Paula Prieto, MD (PL2)

Dr. Paula Prieto received a recognition from Mana Gonzalez for going the extra mile to CREATE a positive memory. Ms Gonzalez commented: ***“She is a great doctor. She works tirelessly to coordinate everything the patient needs for his recovery and the most important thing is the listening, explains, and has a sense of empathy”.*** Congratulations Paula!!
