Embracing Change, Welcoming New Classes, New Opportunities.... And a New Name

Special points of interest:

- AAP Immediate Past President to give the MCH Class of 2015 Graduation Keynote Address.
- Scholarship Day June 12; 2015
- New classes of residents and fellows to begin a new academic year
- Compliments and Recognition
- CME News
- Publications and presentations

Since the March issue of the *Milestones in Medical Education* newsletter, it is hard to believe how many changes have happened. These are Milestone changes in the history of the institution. From an establishment and lunching of the Miami Children's Health System, to a new name for the hospital, a new Logo, and.... As we experience each year in March in Medical Education, a new residents class matching at Nicklaus Children's Hospital.

The past few months have been filled with the excitement of witnessing the release of a new chapter in the history of Variety Children's Hospital's book, d/b/a Nicklaus Children's Hospital. Change is good... it is important to look at the change as the beginning of new opportunities, new horizons, and exploring new territories. What would always remain unchanged is the quality of the clinical care, and the academic training provided. We are always looking for provid-

ing cutting edge care and education, and staying on the forefront in the Pediatric community. This issue of the Milestones in Medical Education is filled with Milestone accomplishments at the Departmental level and at the individual members level.

- ◇ The PPGC celebrated its 50th anniversary of excellence in education with record attendance. The course was transmitted live and was made available as e-PPGC on i-Learn platform
- ◇ The 18th Annual General Pediatric Review and Self-Assessment and the 3rd Annual Pediatric Critical Care Self-Assessment courses were held at the Eden Roc on Miami Beach with record attendance and excellent feedback. Attendees spent 4 intense review days for CME and MOC Credits.

- ◇ The Faculty won (again) the annual Trainees vs Faculty Softball Game
- ◇ The Department of Medical Education is preparing for welcoming the new groups of residents and fellows
- ◇ Graduation celebration of our classes of 2015 is being planned
- ◇ Scholarly Activity Day will be a celebration of excellence in research and scholarly work. (June 12th)
- ◇ Fellows QI projects will be presented May 28th
- ◇ i-Learn platform launched worldwide
- ◇ NCH Trainees continue to showcase their scholarly work in print and on the national platforms

Enjoy this issue of the newsletter. It is a way for us to recognize the accomplishments of the many faculty, staff, and trainees who every day make us proud and help successfully accomplish our mission

Milestones in GME Graduation Celebrations

AAP-Immediate Past President to Give the Class of 2015 Graduation Keynote Address

On June 5th 2015, the Department of Medical Education will celebrate the Graduation of its Residents and Fellows. The Dr. James Perrin; AAP Immediate Past-President will be the Keynote Speaker for the Dr. Ramon Rodriguez-Torres Annual Grand Round and will give the graduation Keynote Address.

Dr. Perrin is a primary care pediatrician with a lifetime of policy work and advocacy for children and adoles-

cents, especially those with chronic conditions. A professor of pediatrics at Harvard Medical School, Dr. Perrin formerly headed the Division of General Pediatrics at the MassGeneral Hospital (MGH) for Children. He holds the John C. Robinson Chair in Pediatrics and founded and directed the MGH Center for Child and Adolescent Health Policy a multidisciplinary research and training center with an active fellowship program in

general pediatrics, and directed the center for over 15 years. .

A graduate of Harvard and Case Western Reserve Medical School, he completed his residency and fellowship at the University of Rochester Medical Center. Dr. Perrin worked for two years in Washington, D.C., on rural primary care and migrant health. He developed and ran a rural community health center in upstate New York before moving to Vanderbilt University Medical Center and later MGH to develop divisions of general pediatrics in both sites.

His research examines day-to-day issues of pediatrics: asthma, otitis media, children's hospitalization, health insurance, and chronic illness and disabilities. He currently leads the Autism Intervention Research Network on Physical Health, organized to improve care for children with autism and other neurodevelopmental disorders.

Dr. Perrin has a long record of

AAP service. He chaired the AAP Committee on Children with Disabilities, co-chaired a committee that developed practice guidelines for Attention Deficit Hyperactivity Disorder (ADHD), and co-chaired a work group to implement the ADHD guidelines. He has also served on the AAP task force on mental health and the committees on federal government affairs and genetics and directed the Evidence Working Group reporting to the Maternal and Child Health Bureau for the Secretary's Advisory Committee on Heritable Disorders and Genetic Diseases in Newborns and Children. Dr. Perrin was president of the Ambulatory Pediatric Association and founded its journal, Academic Pediatrics.

Dr. Perrin's wife, Ellen, is also a pediatrician. Both enjoy traveling, hiking, biking, and spending time with their children and grandchildren in North Carolina and Maine.

The Florida Pediatrician is Now Accepting Articles for Publications

The “Florida Pediatrician” is the official journal of the AAP Florida Chapter. This is a great opportunity for you and your division members to write articles and submit to the Journal and get it published and shared at the State level. The journal welcomes articles from Fellows and Residents as long as a faculty member is also involved as a coauthor. Contact the Department of Medical Education for more information. Please send your submissions to: Dr. Mobeen Rathore – Editor at mobeen.rathore@jax.ufl.edu

Miami Children’s Health System CME Department Participates in a Statewide Speakers Exchange Program

The MCHS CME department; is participating alone with University of South Florida (USF), University of Florida (UF) Gainesville & Jacksonville, University of Miami (UM) in a Speaker Exchange Program in the Academic Year 2015-2016. Nicklaus Children’s Hospital Faculty can submit their names along with presentation titles.

Names will be shared with all participating institutions. Institutions will invite speakers from the exchange program based on their Medical Education needs. This is a great opportunity for our local faculty to showcase their expertise and services. For more information contact the Department of Medical Education.

Milestones in New Program Names

What’s in a Name??

The Department of Medical Education at Nicklaus Children’s Hospital has been working on implementing the Institutional name change to its programs. The following name changes have been implemented:

- ◆ The ACGME training Programs and the Institutional Accreditation are now under the name: **Miami Children’s Health System/Nicklaus Children’s Hospital** Programs.
- ◆ The CME program has now its ACCME accreditation under the **Miami Children’s Health System** as the CME accredited provider due to the global CME reach beyond the hospital.
