

PETALS

RECOGNITION PROGRAM

PETALS are: Professional Extraordinaires That Always Lend Support

Every DAISY has petals extending from its core that make it a perfect flower. At Nicklaus Children’s Hospital, our PETALS are Nursing’s colleagues in departments such as Environmental Services, Rehabilitation, Case Management, Food & Nutrition and Transport, as well as Unit Coordinator, Behavioral Health Tech, Nurse Assistants, physicians and other employees throughout the health system.

Please help Nicklaus Children’s Hospital Division of Nursing recognize these individuals for the outstanding and compassionate care they deliver every day.

I am RN Family Member/Visitor Patient Staff Member MD Volunteer

Nomination Form

I would like to nominate:

Name of Nominee _____ Department/Unit _____

Your Name (optional) _____

Your Phone/Email (optional) _____

Patient Name (optional) _____

Date of Hospitalization (optional) _____

Why does your nominee deserve a PETAL award? _____

Please check here if you would allow us to post your comments on the NCH website. We use first names only.

Additional Ways to Share Your Experience

In addition to a DAISY award nomination, we also invite you to share your feedback online. Simply search for the Nicklaus Children’s Hospital location where you received care on Google and submit your review. Your online feedback will publicly recognize caregivers and staff for providing exceptional care.

Please submit your completed form to the manager or charge nurse. Thank you!
