

Miami Children's Hospital
Cancer Registry
CASES ACCESSIONED SINCE REGISTRY REFERENCE DATE
(Reference Date 1/1/2003)

ACCESSION YEAR	TOTAL CASES	ANALYTIC	NON-ANALYTIC
2004	129	118	11
2005	104	88	16
2006	119	112	7
2007	137	131	6
TOTAL CASES	489	449	40

Note:

The Cancer Registry actively reports all reportable cases to the state (FCDS) and the NCDB of CoC.

Analytic Cases: Cases diagnosed at the accessioning facility and/or administered any of the first course of treatment there after the registry's reference date are analytic (class 0, 1, & 2)

Non-Analytic: Cases that were diagnosed and all of the first course of treatment was performed elsewhere; Patients for whom the accessioning facility developed a treatment plan or provided "second opinion" services but the diagnosis/treatment was provided elsewhere.
